SECTION B.02 CHAMPIONSHIP DETERMINATION

Series Championship:

i. Awarded to the top male and female athletes in each individual age group for every race series with the highest accumulated points;
ii. The Series Champion title considers only points earned from the individual category within the same race series;
iii. Points earned from the team category will not be counted towards the Series Champion title. There is no separate Series Champion title specifically designated for the team category;
iv. To be eligible for the title, athletes are required to compete in the last race of the season (Championship day) within their chosen series;
v. In the event of a tie, determine the champion by the athletes' finish times from the series finale race, with the lowest finish time prevailing as the first tie-breaker. If the tie continues, ascertain the champion based on the average sum rankings from each of the athlete's participated races, with the lowest average sum number being the deciding factor. Notably, the rankings from previous races must be from races within the same race series as the Series Champion title being awarded.

SECTION B.03 CHAMPIONSHIP DAY

The official announcement and celebration of the AmazingKids Series and Multi-Sports Champions will take place during the award presentation ceremony held on Championship day at the season finale.
